PHILADELPHIA.

President Fillmore—Death of Capt. Stanley.

Correspondence of the Tribune.

Philadelphia, Friday, May 1.

President Fillmore will, at a telegraphic despatch, leave Washington on Monday, on his contemplated visit to New York. On his route to Philadelphia he will be met at Wilmington by the city authorities, who will escort him to the city where they will arrive about 3 o'clock, P.M.

Capt. Norris Stanley, one of our oldest and most esteemed citizens, died at his residence in this city last night, aged 60 years. In his early years he served under Paul Jones, in the Revolutionary War; and subsequently, he was for many years one of our oldest and most active sea captains.

The FLOUR market continues very quiet. There is very little inquiry for export, and the only sale reported is in 500 bags of brandas, \$4 30 00 per cwt. Sales for city consumption in flour from \$4 30 00 to 500 bags of rice flour at \$4 30 00 per cwt. Sales for city consumption and some lots at higher prices. The market is still dull, and not inclined to move.

THE GOLD—WHEAT continues in limited request, and prices are barely suspended. Sales of 1,000 bushels good and prime while at \$1 01 00 per bushel.

THE COAL—The demand for coal is less than before.

THE WAXES are in steady demand at 45¢ per bushel.

GROCERIES and PROVISIONS there is no material change. Whisky is in steady demand. Sales of oil at 20¢ and bbls at 22¢.

Sales at the Stock Exchange.—May 5.
